

Quote Cards Assignment

Throughout the reading of our selected novels, students will be asked to complete a 'Quote Cards' assignment for each chapter. Students will be asked to find 3 quotes per chapter. Under each quote the expectation is that students will write 3-5 lines worth of reflection on why they chose those specific quotes.

The reflection doesn't have to be specific to these questions but students can use them as a guideline.

Why did you choose that quote? What does it have to do with the story? Is it foreshadowing for the rest of the novel? Does it interest you? Does it make you think of anything specifically?

The quote cards will serve as discussion points for small group book talks and to help students remember important or significant content from each chapter.
